Go home, prepare, get food and water storage, and lock and load. I'm not going to stand idly by, and neither should ANYONE else on this site. It's time for action. Today was the deadline for the Republic to be saved through civil means.

Conceal your weapon. Babbit would not have died if patriots had gotten in, pulled out their guns, and fired back at secret service evacuating congress. if not to capture/maim/kill congressmen, then what was the point?

Agree, no one cares about nice people getting a little loud. Rolling Thunder found out. MSM wouldn't even cover them or did for 19 seconds. Oh a bunch of loud motorcycles were here? Congress never noticed. All they got was a hard time from the government and expenses but the mayor thanks them for the taxes left on lodging and food.

This here is the FACTS OF LIFE on the TDW... For the rest of us, answering the call to defend country, constitution, and American way of life is like breathing. You're either a sheep or a lion, and reality requires more sheep than lions. That is just how it is. Yet, you can expect those sheep to pump up their chests after someone else gives them everything. MY OATH NEVER EXPIRED!!!! Foreign or Domestic...idgaf... It's time to roll heads, even if that head is that of your own family.

▲ 4 ▼

– [leica boss](#) 4 points 2 days ago +4 / -0

They're giving it to you as a refund with your yearly taxes, you were given it early, so it's a credit. It will be trued up later. The amount you were given was based on your last filed taxes (tax year 2019). For many people their circumstances changed since then (married, more children, different income levels, etc). Some people will get a +/- adjustment to this when they file taxes for year 2020.

The moral to this story is don't go to a gunfight armed with only righteous indignation.

You guys are not properly characterising the clashes with the CPD. I was there took a baton to the fucking head and dozens of rounds of gas. And even after all of that I wouldn't classify it as an encounter of significance. For the most part we talked to them and as we maneuvered around their positions with our numbers they were forced to fall back. They even removed many of the final barricades for us. This wasn't some violent bum rush. It was controlled and honestly well done by our side.

THERE WHERE MULTIPLE FRONTS. While the dc police were falling back and giving up territory on one side and letting you in, they were 'punishing' and attacking us in other areas, they bum-rushed us, shot us, and beat us and all we had done before that point was follow their directions, and protest where we were told to protest. they let an antifa in somewhere else in the building then took it out on us somewhere completely different where they had more numbers.

I'm a disabled veteran, my service dog and I took the first round of teargas and pepper bullets, then they flash banded us as we tried to leave for a safer location and shoved us over a 6 foot wall. thankfully patriots where catching people and helping to grab and lower people down.

Such hypocrites, they are denouncing the protestors today and embraced the BLM rioters. I do believe they let them into the building. It was obvious. The door was basically opened for them. This was done on purpose.

The crowd had shrunk to a few hundred from what I saw on the interwebz. The riot cops and guard (or police larping as guard) kept advancing and herding people.

What should they have done? Thrown their shoes?

DC made a move to make sure people were unarmed and it worked. Now we know not to do that ever again.

Trump is saying that so that all the violence is on the Left not on us. Be patient. I trust that there is a plan in place. The point was made. He never wanted any of us to die. Even though many are willing and able to do so. This is war. You pick your battles. This battle actually was won... by that I mean the people we needed to have show their true colors did it. I've never trusted Pence and got slammed on Voat for saying that. Today he proved me right. Trump said go home and be peaceful, this was right. Keep supporting Geotus. Primary all that oppose, the republicans have lost so much by not supporting Trump. Georgia showed that. It is now unequivocally the party of Trump vs liars, cheaters, terrorists, crazies and leftists.

We need a second armed wave to show up. Sheer numbers at that point. Drag their asses into the street. Make fine examples of what being a traitor results in.
